➡ MINI SQUAD

In passing Turtles (Swim School top level), you can continue your swimming journey by entering Mini Squad and are able to join STARplex Swim Club. It is here that you will further develop your techniques. You will learn how to do all the turns and starts as well as improving your strokes and endurance. You are able to book more than one session a week.

The Starplex Swim Club hold Club Championships every school holidays and include "Come and Try" events, for Mini Squad and Rising Stars (both members and non-members). This is a fun way to learn about carnivals.

Mini Squad:

- Able to swim up to 3 sessions per week, however a minimum of 2 is recommended.
- 45 minute session.
- Understand dives and turns.
- Can participate in STARplex Swim Club Come 'n' Try events.
- Use fins

➡ RISING STARS

In Rising Stars we highly recommend purchasing fins, to aid in technique development, basic power strength development and endurance.

Rising Stars:

- 1 hour sessions
- Able to join STARplex Swim Club.
- 2 sessions per week recommended, are required to pass into State Development Squad.

Swimmers in State Development are assessed by the Squad Liaison and State Development Squad coach/s. Swimmers must be confident and competent enough to cope with State Development training across all strokes.

➡ FITNESS SQUAD

Fitness Squad participants are not required to join the STARplex Swim Club and for one fee per week, can swim in as many of the Fitness Squad sessions as you like. The Fitness Squad is great for swimmers who have completed the requirements of Rising Stars and would like to continue to swim for personal fitness, or to include as part of cross training, while playing other sports.

Fitness Squad:

- 1 hr sessions
- Unlimited Sessions
- Individual Swimming fitness goals

See timetable for Mini Squad, Rising Stars & Fitness Squad on the next page

Effective January 2024

Our philosophy in our STAR Squad Program is for our swimmers to embrace a holistic approach to their swimming.

As well as achieving their individual swimming goals, the holistic approach will also reflect and enrichen our swimmers lives as a whole. Skills are developed including building self- esteem, team work and camaraderie which will hold them in good stead for their future.

We hope all our swimmers enjoy their swimming journey with us, wherever it may take them!
